

Barn Walls

Table Installation Guide

Thank you for purchasing this Barn Walls product.

The items included in this order are as listed:

1 table top
4 hairpin legs
16 screws

We recommend placing the table on a smooth surface to avoid accidental scratching during the leg installation process.

Lay the table top upside down on a flat surface. Place the first leg in the desired position. Use four of the screws provided to secure the leg in place. Repeat these steps with each of the remaining legs.

If you have any questions regarding the instructions or the product itself, please contact me either through the Barn Walls Etsy store or via email anyquestions@barn-walls.com
